DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-8, 10, 12-17 (renumbered 1-14) are allowed.
2. The following is an examiner's statement of reasons for allowance: US Pub No. 2006/0092474 filed by Ramsay et al., hereinafter "Ramsay", is the closest prior art that the examiner could find (which was used in the previous Non-Final Office Action dated 25 July 2008 to reject applicant's then claimed invention). However, the Examiner could not find prior art satisfying applicant's independent claims as amended in the amendment filed 20 October 2008, i.e. the limitation "exactly two statistical values from the brightness histogram that define the digital image, the exactly two statistical values consisting of a standard deviation in brightness and an average brightness". As pointed out by the Applicant, Ramsay derives at least three statistical functions from a histogram and therefore applicant's claimed invention overcomes Ramsay. For these reasons, Applicant's claimed invention is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
